OMARLIFT TÜRKİYE

PROOF OF PERFORMANCE

OMAR LIFT TURKEY

13.02.2017

Omar Lift, one of the group companies of LMC, designs and produces piston hydraulic lift equipment with its qualified and experienced team, since 1993.

Company uses "**Petrol Ofisi Hydro Tech HVI 46**" for hydraulic system lift unit at its Dudullu IMES OSB facility since July, 2015.

PO Hydro Tech HVI 46 is a hydraulic oil more reliable on different working temperatures due to its high viscosity index package.

Here is listed differences occured at hydraulic system after starting to use "**PO Hydro Tech HVI 46**".

- System temperature is fixed at between 50-55 °C.
- Wear is reduced at hydraulic system.
- Pump efficiency and energy saving are increased by decreasing working temperature.
- Maintenance cost is reduced by increasing maintenance period.
